Additional Services to help you with your Hearing Loss Leaflet

Audiology Department – Aintree Hospital

Some people with a hearing loss find that they still struggle to hear in certain situations despite wearing hearing aids.

The most common situations include, using the telephone, hearing the TV and hearing in work situations.

There are many organisations that can provide devices and support to help you with these problems regardless of your level of hearing loss.

In order to hear well it is important that your hearing aid is in good working order and serviced regularly.

Drop off hearing aid repair/maintenance service

If you were fitted with your hearing aids at Aintree Audiology department you may use this service to avoid waiting for an appointment or trying to get through on the phone.

Bring your hearing aid/s to the drop off service **before 10.30am** and they will be ready for collection after 12.00pm on the same day. This service is provided Monday to Friday (excluding Bank Holidays).

This service is provided at:

**Audiology Department,
1st floor Elective Care Centre (ECC)
Aintree Hospital
Longmoor Lane
L9 7AL**

Hearing aids brought after this time will be ready for collection the following working day.

If you wish to see an Audiologist you must make an appointment.

Assistive listening devices

These are devices that can be used at home and in the workplace.

Loop systems

A loop system helps hearing aid user hear sounds more clearly by reducing background noise. At home, for example, you could use a loop to pick up sound from your television or radio.

Alerting devices

An alerting device can be in the form of a flashing light or a vibrating pad that is normally held or worn, or placed under the pillow at bedtime.

These can include:

- Flashing light door bell
- Vibrating smoke alarm
- Hearing dog (suitable for patients with severe /profound deafness. Applications to be made via hearing dogs UK) www.hearingdogs.org.uk

Text Phone

Mainly used by severely or profoundly deaf people. They allow you communicate via typing your conversation to others who are using a text phone. The other person will receive this message via a type/talk translator.

Next Generation Text (NGT)

This provides a link between a user and a hearing person. The link is a highly trained Text Relay operator who provides a discreet and confidential service.

If you are deaf or unable to speak, you can access this service using a text phone, computer, tablet or smartphone.

<http://ngts.org.uk/>

Telephone amplifier

The amplifier attaches to the earpiece of the telephone. Telephone amplifiers work with your existing telephone by increasing the volume of the speaker.

Social Services

Your local social services may be able help provide this equipment or help towards the cost of it.

Liverpool Environmental Aids Department

Merseyside Society for Deaf People

Assistive listening devices for work

The Access to Work Programme is intended to help disabled people obtain employment, keep existing employment or become self employed by meeting part, or all of the costs of the additional support that some disabled people require to continue in work.

The types of devices you may need in work include:

- Loop systems
- Text phones
- FM systems

For help with communication aids in work you can speak to your line manager, contact Access to work via your local Job Centre Plus or go online at www.gov.uk Or at www.hearinggrants.co.uk

Assistive listening devices for students

The Disability Students' Allowance is a scheme to support individuals for help with communication aids when studying by meeting part, or all of the costs of the additional support that some disabled people require to study. Visit www.hearinggrants.co.uk

Merseyside Centre for the Deaf

Feedback

Your feedback is important to us and helps us influence care in the future.

Following your discharge from hospital or attendance at your outpatient appointment you will receive a text asking if you would recommend our service to others. Please take the time to text back, you will not be charged for the text and can opt out at any point. Your co-operation is greatly appreciated.
